

# Half Day Guernsey Island Tour

Your coach will head West, to Guernsey's country parishes and explore valleys and leafy lanes. Look out for the Ruettes Tranquilles - the low speed lanes where walkers, cyclists and horse riders have priority.

Visit the Little Chapel a work of art and a labour of love, the Little Chapel is possibly the smallest chapel in the world. It was built by Brother Déodat who started work in March 1914. His plan was to create a miniature version of the famous grotto and basilica at Lourdes in France. The Little Chapel is beautifully decorated with seashells, pebbles and colourful pieces of broken china.

Follow the coast to Rocquaine and view the shipwreck museum Known locally as the "cup and saucer", Fort Grey is a Martello Tower built in 1804 to defend Guernsey's west coast. Many vessels have come to grief on this beautiful but treacherous coast, and the Martello Tower now houses a Shipwreck Museum with a surprising variety of objects recovered from the wrecks. The information panels tell the gripping stories surrounding the disasters, which date from the HMS Sprightly in 1777 to the Vermontborg in 2003.

On selected days the Guernsey Museums & Galleries 'History In Action' Company enact stories from Guernsey's past.

There will be a short refreshment stop at a west coast based attraction before the continuing with the tour taking in the sandy coastal beaches of L'Eree, Vazon and Cobo.

Return to St Peter Port
